Part 53

**AFFIRMATION OF JOHN RIZIO-HAMILTON IN SUPPORT OF CLASS COUNSEL'S
MOTION FOR ATTORNEYS' FEES AND LITIGATION EXPENSES, FILED
ON BEHALF OF BERNSTEIN LITOWITZ BERGER & GROSSMANN LLP**

I, JOHN RIZIO-HAMILTON, hereby affirm as follows:

1. I am a partner in the law firm of Bernstein Litowitz Berger & Grossmann LLP (“BLB&G” or the “Firm”). I submit this affirmation in support of Class Counsel’s motion for an award of attorneys’ fees in connection with services rendered in the above-captioned action (the “Action”), as well as for payment of expenses incurred by my Firm in connection with the Action. I have personal knowledge of the facts stated in this affirmation and, if called upon, could and would testify to these facts.¹

2. My Firm serves as counsel for Plaintiff Municipal Police Employees’ Retirement System and co-Class Counsel for the Class in this Action.

3. My Firm, as co-Class Counsel, was involved in all aspects of the prosecution and resolution of the Action, as set forth in the Joint Affirmation of Daniella Quitt and John Rizio-Hamilton in Support of (I) Plaintiffs’ Motion for Final Approval of Settlement and Plan of Allocation, and (II) Class Counsel’s Motion for Attorneys’ Fees and Litigation Expenses and Awards to Plaintiffs, filed herewith.

4. The schedule attached hereto as Exhibit 1 is a detailed summary indicating the amount of time spent by each BLB&G attorney and professional support staff employee involved in this Action who devoted ten (10) or more hours to the Action from its inception through and including March 27, 2025 and the lodestar calculation for those individuals. The lodestar calculation for those individuals in Exhibit 1 is based on my Firm’s current hourly rates, which are set in accordance with paragraph 8 below. For personnel who are no longer employed by my Firm, the lodestar calculation is based upon the hourly rates for such personnel in his or her final year of

¹ All capitalized terms that are not defined in this Affirmation have the meanings set forth in the Stipulation and Agreement of Settlement dated March 27, 2025 (NYSCEF Doc. No. 1599).

employment by my Firm. The schedule was prepared from contemporaneous daily time records regularly prepared and maintained by my Firm.

5. Attorneys at BLB&G carefully reviewed these time and expense records before preparing this affirmation. The purpose of this review was to confirm both the accuracy of the time entries and expenses and the necessity for, and reasonableness of, the time and expenses committed to the litigation. As a result of this review, reductions were made in the exercise of counsel's judgment. In addition, all time expended in preparing this application for fees and expenses has been excluded.

6. Following this review and the adjustments made, I believe that the time reflected in the Firm's lodestar calculation and the expenses for which payment is sought as stated in this affirmation are reasonable in amount and were necessary for the effective and efficient prosecution and resolution of the litigation. In addition, based on my experience in similar litigation, the expenses are all of a type that would normally be billed to a fee-paying client in the private legal marketplace.

7. The hourly rates for the BLB&G attorneys and professional support staff employees included in Exhibit 1 are the same as, or comparable to, the rates submitted by my Firm and accepted by courts for lodestar cross-checks in other securities class action litigation fee applications.

8. My Firm's rates are set based on periodic analysis of rates used by law firms performing comparable work and that have been approved by courts. Different timekeepers within the same employment category (*e.g.*, partners, associates, paralegals, etc.) may have different rates based on a variety of factors, including years of practice, years at the Firm, year in the current

position (e.g., years as a partner), relevant experience, relative expertise, and the rates of similarly experienced peers at our Firm or other law firms.

9. The total number of hours expended on this Action by my Firm from its inception through and including March 27, 2025 is 36,722.75 hours. The total lodestar for my Firm for that period is \$22,870,310.00. My Firm's lodestar figures are based upon the Firm's hourly rates, which do not include costs for expense items.

10. As detailed in Exhibit 2, my Firm is seeking payment for a total of \$892,031.10 in expenses incurred in connection with the prosecution of this Action from its inception.

11. The expenses incurred in this Action are reflected in the records of my Firm, which are regularly prepared and maintained in the ordinary course of business. These records are prepared from expense vouchers, check records, and other source materials and are an accurate record of the expenses incurred.

12. The following is additional information regarding certain of the expenses stated on Exhibit 2 to this affirmation:

(a) **Online Factual Research** (\$19,669.51) and **Online Legal Research** (\$142,708.43). The charges reflected are for out-of-pocket payments to the vendors such as Westlaw, Lexis/Nexis, Thomson Reuters, CourtAlert, and PACER for research done in connection with this litigation. These resources were used to obtain access to court filings, to conduct legal research and cite-checking of briefs, and to obtain factual information regarding the claims asserted through access to various financial databases and other factual databases. These expenses represent the actual expenses incurred by my Firm for use of these services in connection with this litigation. There are no administrative charges included in these figures. Online research is billed to each case based on actual usage at a

charge set by the vendor. When my Firm utilizes online services provided by a vendor with a flat-rate contract, access to the service is by a billing code entered for the specific case being litigated. At the end of each billing period, my Firm's costs for such services are allocated to specific cases based on the percentage of use in connection with that specific case in the billing period.

(b) **Document Management** (\$44,593.48): BLB&G's Litigation Expenses include \$44,593.48 for the costs associated with an internal document database that was established and maintained by BLB&G and used to process and documents produced in the Action. BLB&G charges a rate of \$4 per gigabyte of data per month and \$17 per user to recover the costs associated with maintaining its document database management system, which includes the costs to BLB&G of necessary software licenses and hardware. BLB&G has conducted a review of market rates charged for the similar services performed by third-party document management vendors and found that its rate was at least 80% below the market rates charged by these vendors, resulting in a savings to the Settlement Class.

(c) **Out-of-Town Travel** (\$3,684.13): My firm has incurred a total of \$3,684.13 for travel-related costs in the Action. The expenses for which reimbursement is sought have been reviewed for reasonableness and subject to caps on meal and lodging amounts. All airfare is at coach rates.

(d) **Working Meals** (\$6,297.66). BLB&G incurred \$6,297.66 for in-office working meals. These meals were capped at \$25 for lunch and \$40 for dinner.

13. With respect to the standing of my Firm, attached hereto as Exhibit 3 is a brief biography of my Firm and the attorneys involved in this matter.

I declare, under penalty of perjury, that the foregoing facts are true and correct.

More Top Securities Recoveries Than Any Other Firm

Since its founding in 1983, BLB&G has prosecuted some of the most complex cases in history and obtained more than \$40 billion on behalf of investors. The firm has negotiated and obtained many of the largest securities recoveries in history, including:

- *In re WorldCom, Inc. Securities Litigation* – \$6.19 billion recovery
- *In re Cendant Corporation Securities Litigation* – \$3.3 billion recovery
- *In re Bank of America Corp. Securities, Derivative, and Employee Retirement Income Security Act (ERISA) Litigation* – \$2.43 billion recovery

Firm Resume**BLB&G**

- *In re Allianz Global Investors U.S. Litigation – More than \$2 billion recovered in a series of direct actions*
- *In re Nortel Networks Corporation Securities Litigation (Nortel II) – \$1.07 billion recovery*
- *In re Merck & Co., Inc. Securities Litigation – \$1.06 billion recovery*
- *In re McKesson HBOC, Inc. Securities Litigation – \$1.05 billion recovery*
- *In re Wells Fargo & Company Securities Litigation – \$1.00 billion recovery*

Based on our record of success, BLB&G has been at the top of the rankings by ISS Securities Class Action Services (ISS-SCAS), a leading industry research publication that provides independent and objective third-party analysis and statistics on securities-litigation law firms, since its inception. In its most recent report, [Top 100 U.S. Class Action Settlements of All-Time](#), ISS-SCAS once again ranked BLB&G as the top firm in the field for the 14th year in a row. BLB&G has served as lead or co-lead counsel in 38 of the ISS-SCAS's top 100 U.S. securities-fraud settlements—significantly more than any other firm—and recovered over \$27 billion for investors in those cases, nearly \$9 billion more than any other plaintiffs' securities firm.

Giving Shareholders a Voice and Changing Business Practices for the Better

BLB&G was among the first law firms ever to obtain meaningful corporate governance reforms through litigation. In courts throughout the country, we prosecute shareholder class and derivative actions, asserting claims for breach of fiduciary duty and proxy violations wherever the conduct of corporate officers and/or directors, or M&A transactions, seeks to deprive shareholders of fair value, undermine shareholder voting rights, or allow management to profit at the expense of shareholders.

We have prosecuted seminal cases establishing precedent that has increased market transparency, held wrongdoers accountable, addressed issues in the boardroom and executive suite, challenged unfair deals, and improved corporate business practices in groundbreaking ways. We have confronted a variety of questionable, unethical, and proliferating corporate practices, setting new standards of director independence, restructuring board practices in the wake of persistent illegal conduct, challenging the improper use of defensive measures and deal protections for management's benefit, and confronting stock options backdating abuses and other self-dealing by executives.

Practice Areas

Securities Fraud Litigation

Securities fraud litigation is the cornerstone of the firm's litigation practice. Since its founding, the firm has had the distinction of having tried and prosecuted many of the most high-profile securities fraud class actions in history, recovering billions of dollars and obtaining unprecedented corporate governance reforms on behalf of our clients. BLB&G continues to play a leading role in major securities litigation pending in federal and state courts, and the firm remains one of the nation's leaders in representing institutional investors in securities fraud class litigation.

The firm also pursues direct actions in securities fraud cases, when appropriate. By selectively opting out of certain securities class actions, we seek to resolve our clients' claims efficiently and for substantial multiples of what they might otherwise recover from related class action settlements.

Our attorneys have extensive experience in the laws that regulate the securities markets and in the disclosure requirements of corporations that issue publicly traded securities. Many also have accounting backgrounds. The group has access to state-of-the-art, online financial wire services and databases, which enable it to instantaneously investigate any potential securities fraud action involving a public company's debt and equity securities. Biographies for our attorneys can be accessed on the firm's website by clicking [here](#).

Corporate Governance and Shareholder Rights

Our Corporate Governance and Shareholder Rights attorneys prosecute derivative actions, claims for breach of fiduciary duty, and proxy violations on behalf of individual and institutional investors in state and federal courts throughout the country. We have prosecuted actions challenging numerous highly publicized corporate transactions that violated fair process, fair price, and the applicability of the business judgment rule, and have also addressed issues of corporate waste, shareholder voting rights claims, and executive compensation.

Our attorneys have prosecuted numerous cases regarding the improper "backdating" of executive stock options that resulted in windfall undisclosed compensation to executives at the direct expense of shareholders—and returned hundreds of millions of dollars to company coffers. We also represent institutional clients in lawsuits seeking to enforce fiduciary obligations in connection with mergers and acquisitions and going-private transactions that deprive shareholders of fair value when participants buy companies from their public shareholders "on the cheap." Although enough shareholders accept the consideration offered for the transaction to close, many sophisticated investors correctly recognize and ultimately enjoy the increased returns to be obtained by pursuing appraisal rights and demanding that courts assign a "true value" to the shares taken private in these transactions.

Our attorneys are well versed in changing SEC rules and regulations on corporate governance issues and have a comprehensive understanding of a wide variety of corporate law transactions and both substantive and courtroom expertise in the specific legal areas involved. As a result of the firm's high-profile and widely recognized capabilities, our attorneys are increasingly in demand with institutional investors who are exercising a more assertive voice with corporate boards regarding corporate governance issues and the boards' accountability to shareholders.

Distressed Debt and Bankruptcy

BLB&G has obtained billions of dollars through litigation on behalf of bondholders and creditors of distressed and bankrupt companies, as well as through third-party litigation brought by bankruptcy trustees and creditors' committees against auditors, appraisers, lawyers, officers and directors, and other defendants who may have contributed to client losses. As counsel, we advise institutions and individuals nationwide in developing strategies and tactics to recover assets presumed lost as a result of bankruptcy. Our record in this practice area is characterized by extensive trial experience in addition to successful settlements.

Commercial Litigation

BLB&G provides contingency fee representation in complex business litigation and has obtained substantial recoveries on behalf of investors, corporations, bankruptcy trustees, creditor committees, and other business entities. We have faced down the most powerful and well-funded law firms and defendants in the country—and consistently prevailed. For example, on behalf of the bankruptcy trustee, the firm prosecuted *BFA Liquidation Trust v. Arthur Andersen*, arising from the largest nonprofit bankruptcy in U.S. history. After two years of litigation and a week-long trial, the firm obtained a \$217 million recovery from Andersen for the Trust. Combined with other recoveries, the total amounted to more than 70 percent of the Trust's losses.

Having obtained huge recoveries with nominal out-of-pocket expenses and fees of less than 20 percent, we have repeatedly demonstrated that valuable claims are best prosecuted by a first-rate litigation firm on a contingent basis at negotiated percentages. Legal representation need not compound the risk and high cost inherent in today's complex and competitive business environment. We are paid only if we (and our clients) win. The result: the highest quality legal representation at a fair price.

Alternative Dispute Resolution

BLB&G offers clients an accomplished team and a creative venue in which to resolve conflicts outside of the litigation process. We have experience in U.S. and international disputes, and our attorneys have led complex business-to-business arbitrations and mediations domestically and abroad, representing clients before all the major arbitration tribunals, including the American Arbitration Association, FINRA, JAMS, International Chamber of Commerce, and the London Court of International Arbitration.

Our lawyers have successfully arbitrated cases that range from complex business-to-business disputes to individuals' grievances with employers. It is our experience that in some cases, a well-executed arbitration process can resolve disputes faster, with limited appeals and a higher level of confidentiality than public litigation.

In the wake of the credit crisis, for example, we successfully represented numerous former executives of a major financial institution in arbitrations relating to claims for compensation. We have also assisted clients with disputes involving failure to honor compensation commitments, disputes over the purchase of securities, businesses seeking compensation for uncompleted contracts, and unfulfilled financing commitments.

Feedback from the Courts

Throughout the firm's history, many courts have recognized the professional excellence and diligence of the firm and its members. A few examples are set forth below.

In re WorldCom, Inc. Securities Litigation

- The Honorable Denise Cote of the United States District Court for the Southern District of New York

"I have the utmost confidence in plaintiffs' counsel...they have been doing a superb job...The Class is extraordinarily well represented in this litigation."

"The magnitude of this settlement is attributable in significant part to Lead Counsel's advocacy and energy...The quality of the representation given by Lead Counsel...has been superb...and is unsurpassed in this Court's experience with plaintiffs' counsel in securities litigation."

"Lead Counsel has been energetic and creative...Its negotiations with the Citigroup Defendants have resulted in a settlement of historic proportions."

"I do want to make a comment again about the excellent efforts...put into this case...This case, I think, shows precisely the type of benefits that you can achieve for stockholders and how representative litigation can be a very important part of our corporate governance system...you hold up this case as an example of what to do."

* * *

McCall V. Scott (Columbia/HCA Derivative Litigation)

- The Honorable Thomas A. Higgins of the United States District Court for the Middle District of Tennessee

"Counsel's excellent qualifications and reputations are well documented in the record, and they have litigated this complex case adeptly and tenaciously throughout the six years it has been pending. They assumed an enormous risk and have shown great patience by taking this case on a contingent basis, and despite an early setback they have persevered and brought about not only a large cash settlement but sweeping corporate reforms that may be invaluable to the beneficiaries."

Significant Recoveries

BLB&G has successfully identified, investigated, and prosecuted many of the most significant securities and shareholder actions in history, recovering billions of dollars on behalf of defrauded investors and obtaining groundbreaking corporate-governance reforms. These resolutions include eight recoveries of over \$1 billion, more than any other firm in our field. Examples of cases with our most significant recoveries include:

Securities Fraud Litigation

Case: *In re WorldCom, Inc. Securities Litigation*

Court: United States District Court for the Southern District of New York

Highlights: \$6.19 billion securities fraud class action recovery—the second largest in history; unprecedented recoveries from Director Defendants.

Case Summary: Investors suffered massive losses in the wake of the financial fraud and subsequent bankruptcy of former telecom giant WorldCom. This litigation alleged that WorldCom and others disseminated false and misleading statements to the investing public regarding its earnings and financial condition in violation of the federal securities and other laws. It further alleged a nefarious relationship between Citigroup subsidiary Salomon Smith Barney and WorldCom, carried out primarily by Salomon employees involved in providing investment banking services to WorldCom, and by WorldCom's former CEO and CFO. As Court-appointed Co-Lead Counsel representing Lead Plaintiff the New York State Common Retirement Fund, we obtained unprecedented settlements totaling more than \$6 billion from the Investment Bank Defendants who underwrote WorldCom bonds, including a \$2.575 billion cash settlement to settle all claims against the Citigroup Defendants. On the eve of trial, the 13 remaining "Underwriter Defendants," including J.P. Morgan Chase, Deutsche Bank, and Bank of America, agreed to pay settlements totaling nearly \$3.5 billion to resolve all claims against them. Additionally, the day before trial was scheduled to begin, the former WorldCom Director Defendants agreed to pay over \$60 million to settle the claims against them. An unprecedented first for outside directors, \$24.75 million of that amount came out of the pockets of the individuals—20% of their collective net worth. *The Wall Street Journal*, in its coverage, profiled the settlement as having "shaken Wall Street, the audit profession and corporate boardrooms." After four weeks of trial, Arthur Andersen, WorldCom's former auditor, settled for \$65 million. Subsequent settlements were reached with the former executives of WorldCom, and then with Andersen, bringing the total obtained for the Class to over \$6.19 billion.

Case: *In re Cendant Corporation Securities Litigation*

Court: United States District Court for the District of New Jersey

Highlights: \$3.3 billion securities fraud class action recovery—the third largest in history; significant corporate governance reforms obtained.

Firm Resume

- Summary:** The firm was Co-Lead Counsel in this class action against Cendant Corporation, its officers and directors and Ernst & Young (E&Y), its auditors, for their role in disseminating materially false and misleading financial statements concerning the company's revenues, earnings and expenses for its 1997 fiscal year. As a result of companywide accounting irregularities, Cendant restated its financial results for its 1995, 1996, and 1997 fiscal years and all fiscal quarters therein. Cendant agreed to settle the action for \$2.8 billion and to adopt some of the most extensive corporate governance changes in history. E&Y settled for \$335 million. These settlements remain the largest sums ever recovered from a public company and a public accounting firm through securities class action litigation. BLB&G represented Lead Plaintiffs CalPERS, the New York State Common Retirement Fund, and the New York City Pension Funds, the three largest public pension funds in America, in this action.
- Case:** *In re Bank of America Corp. Securities, Derivative, and Employee Retirement Income Security Act (ERISA) Litigation*
- Court:** United States District Court for the Southern District of New York
- Highlights:** \$2.425 billion in cash; significant corporate governance reforms to resolve all claims. This recovery is by far the largest shareholder recovery related to the subprime meltdown and credit crisis; the single largest securities class action settlement ever resolving a Section 14(a) claim—the federal securities provision designed to protect investors against misstatements in connection with a proxy solicitation; the largest ever funded by a single corporate defendant for violations of the federal securities laws; the single largest settlement of a securities class action in which there was neither a financial restatement involved nor a criminal conviction related to the alleged misconduct; and one of the 10 largest securities class action recoveries in history.
- Summary:** The firm represented Co-Lead Plaintiffs the State Teachers Retirement System of Ohio, the Ohio Public Employees Retirement System, and the Teacher Retirement System of Texas in this securities class action filed on behalf of shareholders of Bank of America Corporation (BAC) arising from BAC's 2009 acquisition of Merrill Lynch & Co. The action alleges that BAC, Merrill Lynch, and certain of the companies' current and former officers and directors violated the federal securities laws by making a series of materially false statements and omissions in connection with the acquisition. These violations included the alleged failure to disclose information regarding billions of dollars of losses Merrill had suffered before the BAC shareholder vote on the proposed acquisition, as well as an undisclosed agreement allowing Merrill to pay billions in bonuses before the acquisition closed despite these losses. Not privy to these material facts, BAC shareholders voted to approve the acquisition.

Highlights: Over \$1.07 billion in cash and common stock recovered for the class.

BLB&G clients the Ontario Teachers’ Pension Plan Board and the Treasury of the State of New Jersey and its Division of Investment were appointed as Co-Lead Plaintiffs for the Class in one of two related actions (Nortel II), and BLB&G was appointed Lead Counsel for the Class. In a historic settlement, Nortel agreed to pay \$2.4 billion in cash and Nortel common stock to resolve both matters. Nortel later announced that its insurers had agreed to pay \$228.5 million toward the settlement, bringing the total amount of the global settlement to approximately \$2.7 billion, and the total amount of the Nortel II settlement to over \$1.07 billion.

Case: *In re McKesson HBOC, Inc. Securities Litigation*

Court: United States District Court for the Northern District of California

Highlights: \$1.05 billion recovery for the class.

Summary: This securities fraud litigation was filed on behalf of purchasers of HBOC, McKesson, and McKesson HBOC securities, alleging that Defendants misled the investing public concerning HBOC's and McKesson HBOC's financial results. On behalf of Lead Plaintiff the New York State Common Retirement Fund, BLB&G obtained a \$960 million settlement from the company, \$72.5 million in cash from Arthur Andersen, and, on the eve of trial, a \$10 million settlement from Bear Stearns & Co., with total recoveries reaching more than \$1 billion.

Case: *In re Wells Fargo & Company Securities Litigation*

Court: United States District Court for the Southern District of New York

Highlights: \$1 billion recovery for the class, the top U.S. securities class action settlement of 2023, among the top six in the past decade, and among the top 17 of all time.

Summary: In 2018, Wells Fargo's regulators imposed unprecedented consent orders on Wells Fargo designed to halt the bank's decades-long, fraudulent banking practices and rectify the severely deficient corporate oversight that allowed those fraudulent practices to develop and endure (the "2018 Consent Orders"). In this action, lead plaintiffs, represented by BLB&G as co-lead counsel, alleged that Wells Fargo and certain of its senior executives issued false and misleading statements to investors regarding the status of Wells Fargo's compliance with the 2018 Consent Orders, claiming that the bank had regulator-approved "plans" and that it was "in compliance" with the Orders. In reality, Wells Fargo had yet to submit to regulators an acceptable plan or schedule for overhauling the bank's compliance and oversight practices and was nowhere near meeting the regulators' requirements that were a predicate to lifting the severe measures imposed on the bank. Wells Fargo investors were harmed after a series of disclosures, including damning congressional hearings and reports, revealed the truth to the market that the bank had blatantly disregarded the basic requirements set forth in the 2018 Consent Orders. The \$1 billion settlement was reached after three years of hard-fought litigation and was achieved with the assistance of a respected mediator, former U.S. District Judge Layn R. Phillips.

Case: *HealthSouth Corporation Bondholder Litigation*

Court: United States District Court for the Northern District of Alabama

Highlights: \$804.5 million in total recoveries.

Summary: In this litigation, BLB&G was the appointed Co-Lead Counsel for the bond holder class, representing Lead Plaintiff the Retirement Systems of Alabama. This action arose from allegations that Birmingham-based HealthSouth Corporation overstated its earnings at the direction of its founder and former CEO Richard Scrushy. Subsequent revelations disclosed that the overstatement exceeded

Firm Resume

over \$2.4 billion, virtually wiping out all of HealthSouth's reported profits for the prior five years. A total recovery of \$804.5 million was obtained in this litigation through a series of settlements, including an approximately \$445 million settlement for shareholders and bondholders, a \$100 million in cash settlement from UBS AG, UBS Warburg LLC, and individual UBS Defendants, and \$33.5 million in cash from the company's auditor. The total settlement for injured HealthSouth bond purchasers exceeded \$230 million, recouping over a third of bond purchaser damages.

Case: *In re Washington Public Power Supply System Litigation*

Court: United States District Court for the District of Arizona

Highlights: Over \$750 million—the largest securities fraud settlement ever achieved at the time.

Summary: BLB&G was appointed Chair of the Executive Committee responsible for litigating on behalf of the class in this action. The case was litigated for over seven years and involved an estimated 200 million pages of documents produced in discovery; the depositions of 285 fact witnesses and 34 expert witnesses; more than 25,000 introduced exhibits; six published district court opinions; seven appeals or attempted appeals to the Ninth Circuit; and a three-month jury trial, which resulted in a settlement of over \$750 million—then the largest securities fraud settlement ever achieved.

Case: *In re Lehman Brothers Equity/Debt Securities Litigation*

Court: United States District Court for the Southern District of New York

Highlights: \$735 million in total recoveries.

Summary: Representing the Government of Guam Retirement Fund, BLB&G successfully prosecuted this securities class action arising from Lehman Brothers Holdings' issuance of billions of dollars in offerings of debt and equity securities that were sold using offering materials that contained untrue statements and missing material information.

After four years of intense litigation, Lead Plaintiffs achieved a total of \$735 million in recoveries consisting of a \$426 million settlement with underwriters of Lehman securities offerings, a \$90 million settlement with former Lehman directors and officers, a \$99 million settlement that resolves claims against Ernst & Young, Lehman's former auditor (considered one of the top 10 auditor settlements ever achieved), and a \$120 million settlement that resolves claims against UBS Financial Services. This recovery is remarkable not only because of the difficulty in recovering assets when the issuer defendant is bankrupt, but also because no financial results were restated, and the auditors never disavowed the statements.

Case: *In re Citigroup, Inc. Bond Action Litigation*

Court: United States District Court for the Southern District of New York

Highlights: \$730 million cash recovery, the second largest recovery in a litigation arising from the financial crisis.

Firm Resume**BLB&G**

Summary: In the years prior to the collapse of the subprime mortgage market, Citigroup issued 48 offerings of preferred stock and bonds. This securities fraud class action was filed on behalf of purchasers of Citigroup bonds and preferred stock alleging that these offerings contained material misrepresentations and omissions regarding Citigroup's exposure to billions of dollars in mortgage-related assets, the loss reserves for its portfolio of high-risk residential mortgage loans, and the credit quality of the risky assets it held in off-balance sheet entities known as "structured investment vehicles." After protracted litigation lasting four years, we obtained a \$730 million cash recovery—the second largest securities class action recovery in a litigation arising from the financial crisis, and the second largest recovery ever in a securities class action brought on behalf of purchasers of debt securities. As Lead Bond Counsel for the Class, BLB&G represented Lead Bond Plaintiffs Minneapolis Firefighters' Relief Association, Louisiana Municipal Police Employees' Retirement System, and Louisiana Sheriffs' Pension and Relief Fund.

Case: *In re Schering-Plough Corporation/Enhance Securities Litigation; In re Merck & Co., Inc. Vytorin/Zetia Securities Litigation*

Court: United States District Court for the District of New Jersey

Highlights: \$688 million in combined settlements (Schering-Plough settled for \$473 million; Merck settled for \$215 million) in this coordinated securities fraud litigations filed on behalf of investors in Merck and Schering-Plough.

Summary: After nearly five years of intense litigation, just days before trial, BLB&G resolved the two actions against Merck and Schering-Plough, which stemmed from claims that Merck and Schering artificially inflated their market value by concealing material information and making false and misleading statements regarding their blockbuster anti-cholesterol drugs Zetia and Vytorin. Specifically, we alleged that the companies knew that their "ENHANCE" clinical trial of Vytorin (a combination of Zetia and a generic) demonstrated that Vytorin was no more effective than the cheaper generic at reducing artery thickness. The companies nonetheless championed the "benefits" of their drugs, attracting billions of dollars of capital. When public pressure to release the results of the ENHANCE trial became too great, the companies reluctantly announced these negative results, which we alleged led to sharp declines in the value of the companies' securities, resulting in significant losses to investors. The combined \$688 million in settlements (Schering-Plough settled for \$473 million; Merck settled for \$215 million) is the second largest securities recovery ever in the Third Circuit, among the top 25 settlements of all time, and among the 10 largest recoveries ever in a case where there was no financial restatement. BLB&G represented Lead Plaintiffs Arkansas Teacher Retirement System, the Public Employees' Retirement System of Mississippi, and the Louisiana Municipal Police Employees' Retirement System.

Case: *In re Lucent Technologies, Inc. Securities Litigation*

Court: United States District Court for the District of New Jersey

Firm Resume**BLB&G**

Highlights: \$667 million in total recoveries; the appointment of BLB&G as Co-Lead Counsel is especially noteworthy as it marked the first time since the 1995 passage of the Private Securities Litigation Reform Act that a court reopened the lead plaintiff or lead counsel selection process to account for changed circumstances, new issues, and possible conflicts between new and old allegations.

Summary: BLB&G served as Co-Lead Counsel in this securities class action, representing Lead Plaintiffs the Parnassus Fund, Teamsters Locals 175 & 505 D&P Pension Trust, Anchorage Police and Fire Retirement System, and the Louisiana School Employees' Retirement System. The complaint accused Lucent of making false and misleading statements to the investing public concerning its publicly reported financial results and failing to disclose the serious problems in its optical networking business. When the truth was disclosed, Lucent admitted that it had improperly recognized revenue of nearly \$679 million in fiscal 2000. The settlement obtained in this case is valued at approximately \$667 million, and is composed of cash, stock, and warrants.

Case: *In re Wachovia Preferred Securities and Bond/Notes Litigation*

Court: United States District Court for the Southern District of New York

Highlights: \$627 million recovery—among the largest securities class action recoveries in history; third-largest recovery obtained in an action arising from the subprime mortgage crisis.

Summary: This securities class action was filed on behalf of investors in certain Wachovia bonds and preferred securities against Wachovia Corp., certain former officers and directors, various underwriters, and its auditor, KPMG. The case alleged that Wachovia provided offering materials that misrepresented and omitted material facts concerning the nature and quality of Wachovia's multibillion-dollar option-ARM (adjustable rate mortgage) "Pick-A-Pay" mortgage loan portfolio, and that Wachovia's loan loss reserves were materially inadequate. According to the Complaint, these undisclosed problems threatened the viability of the financial institution, requiring it to be "bailed out" during the financial crisis before it was acquired by Wells Fargo. The combined \$627 million recovery obtained in the action is among the 20 largest securities class action recoveries in history, the largest settlement ever in a class action case asserting only claims under the Securities Act of 1933, and one of a handful of securities class action recoveries obtained where there were no parallel civil or criminal actions brought by government authorities. The firm represented Co-Lead Plaintiffs Orange County Employees Retirement System and Louisiana Sheriffs' Pension and Relief Fund in this action.

Case: *In re Fannie Mae/Freddie Mac Senior Preferred Stock Purchase Agreement Class Action Litigations*

Court: United States District Court for the District of Columbia

Highlights: \$612.4 million jury award for Fannie Mae and Freddie Mac investors in a unanimous trial verdict.

Summary: BLB&G secured a \$612.4 million jury award for Fannie Mae and Freddie Mac investors in a unanimous trial verdict against the Federal Housing Finance Agency (FHFA). The action challenged FHFA's decision to sweep the entire net worth of Fannie Mae and Freddie Mac to the U.S. Treasury, depriving

shareholders of significant value. The award came after two trials and 10 years of intense litigation and negotiations. The court also recently approved our request for prejudgment interest, adding approximately \$198 million to the recovery for investors (pending entry of judgment).

Case: *Bear Stearns Mortgage Pass-Through Litigation*

Court: United States District Court for the Southern District of New York

Highlights: \$500 million recovery—the largest recovery ever on behalf of purchasers of residential mortgage-backed securities.

Summary: BLB&G served as Co-Lead Counsel in this securities action, representing Lead Plaintiffs the Public Employees' Retirement System of Mississippi. The case alleged that Bear Stearns & Company sold mortgage pass-through certificates using false and misleading offering documents. The offering documents contained false and misleading statements related to, among other things, the underwriting guidelines used to originate the mortgage loans underlying the certificates and the accuracy of the appraisals for the properties underlying the certificates. After six years of hard-fought litigation and extensive arm's-length negotiations, the \$500 million recovery is the largest settlement in a U.S. class action against a bank that packaged and sold mortgage securities at the center of the 2008 financial crisis.

Case: *Gary Hefler et al. v. Wells Fargo & Company et al.*

Court: United States District Court for the Northern District of California

Highlights: \$480 million recovery—the fourth largest securities settlement ever achieved in the Ninth Circuit.

Summary: BLB&G served as Lead Counsel for the Court-appointed Lead Plaintiff Union Asset Management Holding, AG in this action, which alleged that Wells Fargo and certain current and former officers and directors of Wells Fargo made a series of materially false statements and omissions in connection with Wells Fargo's secret creation of fake or unauthorized client accounts in order to hit performance-based compensation goals. After years of presenting a business driven by legitimate growth prospects, U.S. regulators revealed in September 2016 that Wells Fargo employees were secretly opening millions of potentially unauthorized accounts for existing Wells Fargo customers. The Complaint alleged that these accounts were opened in order to hit performance targets and inflate the "cross-sell" metrics that investors used to measure Wells Fargo's financial health and anticipated growth. When the market learned the truth about Wells Fargo's violation of its customers' trust and failure to disclose reliable information to its investors, the price of Wells Fargo's stock dropped, causing substantial investor losses.

Case: *In re Kraft Heinz Securities Litigation*

Court: United States District Court for the Northern District of Illinois

Firm Resume**BLB&G**

Highlights: \$450 million in total recoveries.

Summary: BLB&G litigated claims against Kraft Heinz arising from the defendants' misstatements regarding the company's financial position, including the carrying value of Kraft's assets, the sustainability of Kraft's margins, and the success of recent cost-cutting strategies by the company. After overcoming defendants' motions to dismiss and conducting discovery involving the production of over 14.7 million pages of documents, the parties engaged in mediation and reached a settlement that represented a recovery of \$450 million for impacted investors.

Case: *Ohio Public Employees Retirement System v. Freddie Mac*

Court: United States District Court for the Southern District of Ohio

Highlights: \$410 million settlement.

Summary: This securities fraud class action was filed on behalf of the Ohio Public Employees Retirement System and the State Teachers Retirement System of Ohio alleging that Freddie Mac and certain of its current and former officers issued false and misleading statements in connection with the company's previously reported financial results. Specifically, the Complaint alleged that the Defendants misrepresented the company's operations and financial results by engaging in numerous improper transactions and accounting machinations that violated fundamental GAAP precepts in order to artificially smooth the company's earnings and hide earnings volatility. In connection with these improprieties, Freddie Mac restated more than \$5 billion in earnings. A settlement of \$410 million was reached in the case just as deposition discovery had begun and document review was complete.

Case: *In re Refco, Inc. Securities Litigation*

Court: United States District Court for the Southern District of New York

Highlights: Over \$407 million in total recoveries.

Summary: The lawsuit arises from the revelation that Refco, a once-prominent brokerage, had for years secreted hundreds of millions of dollars of uncollectible receivables with a related entity controlled by Phillip Bennett, the company's Chairman and Chief Executive Officer. This revelation caused the stunning collapse of the company a mere two months after its initial public offering of common stock. As a result, Refco filed one of the largest bankruptcies in U.S. history. Settlements have been obtained from multiple company and individual defendants, resulting in a total recovery for the class of over \$407 million. BLB&G represented Co-Lead Plaintiff RH Capital Associates LLC.

Case: *In re Allergan, Inc. Proxy Violation Securities Litigation*

Court: United States District Court for the Central District of California

Highlights: Recovered over \$250 million for investors while challenging an unprecedented insider trading scheme by billionaire hedge fund manager Bill Ackman.

Firm Resume

Summary: As alleged in groundbreaking litigation, billionaire hedge fund manager Bill Ackman and his Pershing Square Capital Management fund secretly acquired a near 10% stake in pharmaceutical concern Allergan as part of an unprecedented insider trading scheme by Ackman and Valeant Pharmaceuticals International. What Ackman knew—but investors did not—was that in the ensuing weeks, Valeant would be launching a hostile bid to acquire Allergan shares at a far higher price. Ackman enjoyed a massive instantaneous profit upon public news of the proposed acquisition, and the scheme worked for both parties as he kicked back hundreds of millions of his insider-trading proceeds to Valeant after Allergan agreed to be bought by a rival bidder. After a ferocious three-year legal battle over this attempt to circumvent the spirit of the U.S. securities laws, BLB&G obtained a \$250 million settlement for Allergan investors, and created precedent to prevent similar such schemes in the future. The Plaintiffs in this action were the State Teachers Retirement System of Ohio, the Iowa Public Employees Retirement System, and Patrick T. Johnson.

Corporate Governance and Shareholders' Rights

Case: *Tornetta v. Musk*

Court: Delaware Court of Chancery

Highlights: Achieved a historic ruling rescinding Elon Musk's \$55 billion compensation package at Tesla—the largest such package in history.

Summary: BLB&G led a headline-grabbing shareholder derivative action against Elon Musk and certain Tesla board members challenging the \$55 billion compensation plan granted to Musk—the largest such compensation plan in history. BLB&G served as lead trial counsel in this case on behalf of a Tesla stockholder. The firm litigated for more than four years, examined eight of the most critical witnesses—including Elon Musk himself—and presented a strong factual record to the Court. On January 30, 2024, in a historic decision, the court nullified Musk's entire \$55 billion compensation package, finding that Tesla's board of directors had breached their fiduciary duty in structuring Musk's multi-tranched compensation.

Case: *City of Monroe Employees' Retirement System, Derivatively on Behalf of Twenty-First Century Fox, Inc. v. Rupert Murdoch, et al.*

Court: Delaware Court of Chancery

Highlights: Landmark derivative litigation established unprecedented, independent Board-level council to ensure employees are protected from workplace harassment while recouping \$90 million for the company's coffers.

Summary: Before the birth of the #metoo movement, BLB&G led the prosecution of an unprecedented shareholder derivative litigation against Fox News parent 21st Century Fox arising from the systemic sexual and workplace harassment at the embattled network. After nearly 18 months of litigation,

discovery and negotiation related to the shocking misconduct and the Board's extensive alleged governance failures, the parties unveil a landmark settlement with two key components: 1) the first ever Board-level watchdog of its kind—the "Fox News Workplace Professionalism and Inclusion Council" of experts (WPIC)—majority independent of the Murdochs, the Company and Board; and 2) one of the largest financial recoveries—\$90 million—ever obtained in a pure corporate board oversight dispute. The WPIC serves as a model for public companies in all industries. The firm represented 21st Century Fox shareholder the City of Monroe (Michigan) Employees' Retirement System.

Case: *In re McKesson Corporation Derivative Litigation*

Court: United States District Court, Northern District of California, Oakland Division and Delaware Chancery Court

Highlights: Litigation recovered \$175 million and achieved substantial corporate governance reforms.

Summary: BLB&G represented the Police & Fire Retirement System City of Detroit and Amalgamated Bank in this derivative class action arising from the company's role in permitting and exacerbating America's ongoing opioid crisis. The complaint, initially filed in Delaware Chancery Court, alleged that defendants breached their fiduciary duties by failing to adequately oversee McKesson's compliance with provisions of the Controlled Substances Act and a series of settlements with the Drug Enforcement Administration intended to regulate the distribution and misuse of controlled substances such as opioids. Even after paying fines and settlements in the hundreds of millions of dollars, McKesson was sued in the National Opioid Multidistrict Litigation. In May 2018, our clients joined a substantially similar action being litigated in California federal court. Acting as co-lead counsel, BLB&G played a major role in litigating the case, opposing a motion to stay the action by a special litigation committee, and engaging in extensive pretrial discovery. Ultimately, \$175 million was recovered for the benefit of McKesson's shareholders in a settlement that also created substantial corporate-governance reforms to prevent a recurrence of McKesson's inadequate legal compliance efforts.

Case: *UnitedHealth Group, Inc. Shareholder Derivative Litigation*

Court: United States District Court for the District of Minnesota

Highlights: Recovered over \$920 million in ill-gotten compensation directly from former officers for their roles in illegally backdating stock options, while the company agreed to far-reaching reforms aimed at curbing future executive compensation abuses.

Summary: This shareholder derivative action filed against certain current and former executive officers and members of the Board of Directors of UnitedHealth Group alleged that the Defendants obtained, approved and/or acquiesced in the issuance of stock options to senior executives that were unlawfully backdated to provide the recipients with windfall compensation at the direct expense of UnitedHealth and its shareholders. The firm recovered over \$920 million in ill-gotten compensation

directly from the former officer Defendants—the largest derivative recovery in history. As feature coverage in *The New York Times* indicated, “investors everywhere should applaud [the UnitedHealth settlement]....[T]he recovery sets a standard of behavior for other companies and boards when performance pay is later shown to have been based on ephemeral earnings.” The Plaintiffs in this action were the St. Paul Teachers’ Retirement Fund Association, the Public Employees’ Retirement System of Mississippi, the Jacksonville Police & Fire Pension Fund, the Louisiana Sheriffs’ Pension & Relief Fund, the Louisiana Municipal Police Employees’ Retirement System and Fire & Police Pension Association of Colorado.

Case: *Caremark Merger Litigation*

Court: Delaware Court of Chancery – New Castle County

Highlights: Landmark Court ruling ordered Caremark’s board to disclose previously withheld information, enjoined a shareholder vote on the CVS merger offer, and granted statutory appraisal rights to Caremark shareholders. The litigation ultimately forced CVS to raise its offer by \$7.50 per share, equal to more than \$3.3 billion in additional consideration to Caremark shareholders.

Summary: Commenced on behalf of the Louisiana Municipal Police Employees’ Retirement System and other shareholders of Caremark RX, this shareholder class action accused the company’s directors of violating their fiduciary duties by approving and endorsing a proposed merger with CVS Corporation, while refusing to fairly consider an alternative transaction proposed by another bidder. In a landmark decision, the Court ordered the Defendants to disclose material information that had previously been withheld, enjoined the shareholder vote on the CVS transaction until the additional disclosures occurred, and granted statutory appraisal rights to Caremark’s shareholders—forcing CVS to increase the consideration offered to shareholders by \$7.50 per share in cash (over \$3 billion in total).

Case: *In re Pfizer Inc. Shareholder Derivative Litigation*

Court: United States District Court for the Southern District of New York

Highlights: Landmark settlement in which Defendants agreed to create a new Regulatory and Compliance Committee of the Pfizer Board to be supported by a dedicated \$75 million fund.

Summary: In the wake of Pfizer’s agreement to pay \$2.3 billion as part of a settlement with the U.S. Department of Justice to resolve civil and criminal charges relating to the illegal marketing of at least 13 of the company’s most important drugs (the largest such fine ever imposed), this shareholder derivative action was filed against Pfizer’s senior management and Board alleging they breached their fiduciary duties to Pfizer by, among other things, allowing unlawful promotion of drugs to continue after receiving numerous “red flags” that Pfizer’s improper drug marketing was systemic and widespread. The suit was brought by Court-appointed Lead Plaintiffs Louisiana Sheriffs’ Pension and Relief Fund and Skandia Life Insurance Company, Ltd. In an unprecedented settlement reached by the parties, the Defendants agreed to create a new Regulatory and Compliance Committee of the Pfizer Board of Directors (the “Regulatory Committee”) to oversee and monitor Pfizer’s compliance and drug

marketing practices and to review the compensation policies for Pfizer's drug sales related employees.

Case: *Miller et al. v. IAC/InterActiveCorp et al.*

Court: Delaware Court of Chancery

Highlights: This litigation shut down efforts by controlling shareholders to obtain "dynastic control" of the company through improper stock class issuances, setting valuable precedent and sending a strong message to boards and management in all sectors that such moves will not go unchallenged.

Summary: BLB&G obtained this landmark victory for shareholder rights against IAC/InterActiveCorp and its controlling shareholder and chairman, Barry Diller. For decades, activist corporate founders and controllers sought ways to entrench their position atop the corporate hierarchy by granting themselves and other insiders "supervoting rights." Diller laid out a proposal to introduce a new class of non-voting stock to entrench "dynastic control" of IAC within the Diller family. BLB&G litigation on behalf of IAC shareholders ended in capitulation with the Defendants effectively conceding the case by abandoning the proposal. This became a critical corporate governance precedent, given the trend of public companies to introduce "low" and "no-vote" share classes, which diminish shareholder rights, insulate management from accountability, and can distort managerial incentives by providing controllers voting power out of line with their actual economic interests in public companies.

Case: *In re News Corp. Shareholder Derivative Litigation*

Court: Delaware Court of Chancery – Kent County

Highlights: An unprecedented settlement in which News Corp. recouped \$139 million and enacted significant corporate governance reforms that combat self-dealing in the boardroom.

Summary: Following News Corp.'s 2011 acquisition of a company owned by News Corp. Chairman and CEO Rupert Murdoch's daughter, and the phone-hacking scandal within its British newspaper division, BLB&G filed a derivative litigation on behalf of the company because of institutional shareholder concern with the conduct of News Corp.'s management. BLB&G ultimately obtained an unprecedented settlement in which News Corp. recouped \$139 million for the company coffers and agreed to enact corporate governance enhancements to strengthen its compliance structure, the independence and functioning of its board, and the compensation and clawback policies for management.

Clients and Fees

We are firm believers in the contingency fee as a socially useful, productive and satisfying basis of compensation for legal services, particularly in litigation. Wherever appropriate, even with our corporate clients, we encourage retentions in which our fee is contingent on the outcome of the litigation. This way, it is not the number of hours worked that will determine our fee, but rather the result achieved for our client. The firm generally negotiates with our clients a contingent fee schedule specific to each litigation, and all fee proposals are approved by the client prior to commencing litigation, and ultimately by the Court.

Our clients include many large and well-known financial and lending institutions and pension funds, as well as privately held companies that are attracted to our firm because of our reputation, expertise, and fee structure. Most of the firm's clients are referred by other clients, law firms and lawyers, bankers, investors, and accountants. A considerable number of clients have been referred to the firm by former adversaries. We have always maintained a high level of independence and discretion in the cases we decide to prosecute. As a result, the level of personal satisfaction and commitment to our work is high.

Partners

Max Berger, Founding Partner, has grown BLB&G from a partnership of four lawyers in 1983 into what the *Financial Times* described as “[one of the most powerful securities class action law firms in the United States](#)” by prosecuting seminal cases which have increased market transparency, held wrongdoers accountable, and improved corporate business practices in groundbreaking ways.

Described by sources quoted in leading industry publication *Chambers USA* as “the smartest, most strategic plaintiffs’ lawyer [they have] ever encountered,” Max has litigated many of the firm’s most high-profile and significant cases and secured some of the largest recoveries ever achieved in securities fraud lawsuits, negotiating seven of the largest securities fraud settlements in history, each in excess of a billion dollars: *Cendant* (\$3.3 billion), *Citigroup-WorldCom* (\$2.575 billion), *Bank of America/Merrill Lynch* (\$2.4 billion), *JPMorgan Chase-WorldCom* (\$2 billion), *Nortel* (\$1.07 billion), *Merck* (\$1.06 billion), and *McKesson* (\$1.05 billion). Max’s prosecution of the *WorldCom* litigation, which resulted in unprecedented monetary contributions from WorldCom’s outside directors (nearly \$25 million out of their own pockets on top of their insurance coverage) “shook Wall Street, the audit profession and corporate boardrooms.” (*The Wall Street Journal*)

Max’s cases have resulted in sweeping corporate governance overhauls, including the creation of an independent task force to oversee and monitor diversity practices (*Texaco* discrimination litigation), establishing an industry-accepted definition of director independence, increasing a board’s power and responsibility to oversee internal controls and financial reporting (*Columbia/HCA*), and creating a Healthcare Law Regulatory Committee with dedicated funding to improve the standard for regulatory compliance oversight by a public company board of directors (*Pfizer*). His cases have yielded results which have served as models for public companies going forward.

Most recently, before the #metoo movement came alive, on behalf of an institutional investor client, Max handled the prosecution of an unprecedented shareholder derivative litigation against Fox News parent 21st Century Fox, Inc. arising from the systemic sexual and workplace harassment at the embattled network. After nearly 18 months of litigation, discovery, and negotiation related to the shocking misconduct and the Board’s extensive alleged governance failures, the parties unveiled a landmark settlement with two key components: 1) the first ever Board-level watchdog of its kind—the “Fox News Workplace Professionalism and Inclusion Council” of experts (WPIC)—majority independent of the Murdochs, the Company and Board; and 2) one of the largest financial recoveries—\$90 million—ever obtained in a pure corporate board oversight dispute. The WPIC is expected to serve as a model for public companies in all industries.
